Academic Year 17-18

Interns must be MSW students at an affiliated school and must be in their concentration practica during the internship.

The schedule will be dependent upon the program to which the intern is assigned. Intern assignments are made by VA to best meet the needs of all involved parties and within significant limitations, and treatment settings and programs that are available for internships vary from year to year.

Students who are interested in learning more about the application process or who are interested in completing an application are referred to their university Social Work field placement office for the materials, which are provided to each of the affiliated universities.

The application period for academic year Fall 2017-Spring 2018 internships is February 13, 2017 through March 1, 2017. During this time, interested students may submit the application materials to the VA Social Work office (314) 289-6391 in person or via e-mail to the department secretary Barbara.Alexander2@va.gov.
