

Closure of Grand Avenue Bridge for Construction

On March 14, 2011, the Grand Avenue Bridge between Chouteau and Hwy 64/40 will be closed for reconstruction for at least 1 year. This closure will primarily affect those who use Hwy 44 to access the John Cochran Division.

The **Hwy 64/40 exit on to Grand/northbound will remain OPEN** during the construction.

Alternate routes if using Hwy 44:

- Use the Vandeventer Ave. exit (one exit west of Grand)
- Use the Jefferson Ave. exit (one exit east of Grand)
- Exit at Grand, proceed north. At Chouteau, turn east to Compton, then north. Or, at Chouteau, turn west to Vandeventer, then north.
- Exit at Hampton, cross over to Hwy 64/40 eastbound and exit at Grand Ave. and proceed north.

★ John Cochran VA Medical Center ● Dermatology Clinic; Women's Clinic, 3615 Olive

John Cochran Shuttle Service:

- During the first three weeks (**March 14 – April 1**), the JC shuttle will be stopping at the **Central West End station**.
- Starting **April 4**, the JC shuttle will again be stopping at the **Grand Metrolink station**.

The construction detours will **add approximately 15 - 20 minutes** each way to the route. **Please keep this in mind as you plan your travels to the medical center.**
