

My name is Amy Will. I am a Recreational Therapist certified by the National Council for Therapeutic Recreation Certification. I graduated with a B.S. degree in Therapeutic Recreation/Adapted Physical Education from Western Illinois University in 1996. I joined the St. Louis VA Spinal Cord (SCI) Injury Service in 2003.

My work experience includes community reintegration, adapted sports, aquatic/water therapy, pet therapy, horticulture/gardening therapy, individualized leisure activities, and leisure education. I facilitate therapeutic activities that focus on improving physical, cognitive, and overall emotional well being. I enjoy working with all patient populations. Spinal Cord Injury veterans, however, are at the top of my list.

I am the proud coach of Team St. Louis. The athletes on this team are SCI/D outpatients with a passion for competition, camaraderie, and fun. We travel and compete in the National Disabled Veterans Winter Sports Clinics (Snowmass, CO) and National Disabled Veterans Summer Wheelchair Games. I love the challenge of adapted sports. Some issues I help our athletes assess include: Do you prefer to ski down a beautiful snowcapped mountain or would you rather crash into a competitor during a game of wheelchair rugby? I am here to make our veterans' aspirations a reality!

I can be reached in my office (2S19) or at 314-652-4100 or 800-228-5459, ext. 6-4590.
