

My name is Jai Park. I am a physiatrist/rehabilitation specialist. I joined the Spinal Cord Injury/Dysfunction Service at the Jefferson Barracks Division, St. Louis MO VAMC in 1980, where I serve as the director of the outpatient clinic.

I received my M.D. from Ewha Women's University, Seoul, Korea and completed training in physical medicine and rehabilitation at Washington University, St. Louis, in 1979. I am board certified in Physical Medicine and Rehabilitation and in Spinal Cord Injury Medicine.

At the St. Louis VA Spinal Cord Injury Service I am the principal investigator for nationwide VA Sponsored study "Anabolic Steroid Therapy on Pressure Ulcer Healing In persons with Spinal Cord Injury; its goal is to improve our treatment of patients with bed sores.

I can be reached in my office (2S11) or at 314-652-4100 or 800-228-5459, ext. 6-3179.
