

My name is Cindy Lechner. I am a Physical Therapist with a clinical specialty in spinal cord injury (SCI). I graduated from Washington University in 1982 with a B.S. in Physical Therapy. In 1998, I graduated from Webster University with an M.A. in Gerontology. I worked at an acute hospital for 4 years and began working at the Jefferson Barracks division of the St. Louis VA in 1986. During my years of service at the VA, I have treated veterans with needs ranging from subacute, outpatient, and general rehabilitation. I have a special interest in persons with balance disorders and, along with an Occupational Therapist, conduct a Balance Clinic.

Since 1991, I have focused on SCI rehabilitation. Over my many years on the SCI Service, I have gained extensive knowledge of power and manual wheelchairs, as well as various seating systems. I enjoy working with our veterans with SCI and assisting them in striving toward achieving independence in mobility and everyday living skills.

I can be reached in my office (GN34) or at 314-652-4100 or 800-228-5459, ext. 6-4507.
