

VA St. Louis Health Care System Past Residents

Former Residents from VA St. Louis HCS Pharmacy Residency Programs have accepted clinical pharmacy specialist positions in a variety of areas including ambulatory care, acute care medicine, anticoagulation, critical care, emergency medicine, research/education, infectious diseases, and faculty. Our residents have also gone on to complete PGY2 residencies in mental health, internal medicine, ambulatory care, drug information, informatics, and infectious diseases.

- Approximately 65% of our residents continue their residency training or accept a position within the VA System
- Approximately 49% of our PGY1 residents continue on to do a PGY2 specialty residency
- 15% of our residents have taken a faculty position after their residency
 - After PGY1 Training: 13%
 - After PGY2 Training: 21%
- Over 95% of our residents have taken a clinical position after completion of their residency training.
