Dear Practicum Applicant:

We are excited that you are interested in completing your concentration practicum with The Veterans Health Administration, the largest integrated health system in our nation. The St. Louis VA is a full service health system providing comprehensive medical and mental health services to veterans in our area. Please read the below instructions carefully as our application process has changed.

**Process for applying for Fall Practicum at St. Louis VA**

1. Applications will be accepted *Feb 15th through March 15th* of each year for the following Fall Semester (see attachment). Students may request an application and listing of possible concentration opportunities at the VA by emailing Barbara.Alexander2@va.gov or contacting the VA Social Work Office at (314) 289-6391. *Exceptions to the above time line will be made on a case by case basis during this initial transition period, however we strongly recommend that students complete their application by the above deadline.*

2. Once the application deadline has expired, applications will be screened with interviews conducted during the month of April. Initial interviews of practicum candidates will be conducted by the St. Louis VA Internship Committee. If the committee recommends a student for placement then the student may be requested to participate in a second interview with a potential field instructor.

3. Final decisions regarding practicum acceptance will be made by *April 30th* of each year. Students will be notified directly of the committee’s decision and those selected for placement will receive an Orientation Packet by mail.

**Process for applying for Spring Practicum at St. Louis VA**

1. Spring students will be considered on a case by case basis, following the above identified process. Interested students will need to contact the main social work office to request an application. Applications will be accepted *Sept 15th through October 15th* of each year for the following Spring Semester.

2. Applicants will be screened with interviews conducted during the month of November. Final decisions regarding practicum acceptance will be made by *November 30th* of each year. Students will be notified directly and those selected for placement will receive an Orientation Packet by mail.

Students interested in completing a *Summer Internship* should contact the social work office directly to determine if summer placement is available. We look forward to our continued collaboration with you and your students as we enhance our Field Education Program. Please contact us directly with any questions.

Sincerely,

St. Louis VA Social Work Internship Committee
